Attendees of the 7th Annual Mt. Carmel Festival enjoyed a cool afternoon with great music, food and fun. We would like to extend a heartfelt thanks to all of the volunteers who made the Festival a success! This includes Mt. Carmel staff family members and all of the non-profit organizations that provided entertainment and fun for the children. The Colorado Springs Conservatory partnered with Mt. Carmel to provide a week-long music and performance camp for local children that culminated in a performance of "You're a Good Man, Charlie Brown." The children kicked off the festivities by performing this amazing musical program. Vendors brought their wares, organizations donated items, loaned equipment and gave generously of their time. All of this helped ensure that the Festival culminated in a great, positive experience. Thanks to the community of Trinidad for your continuous support and patronage of Mt. Carmel!

Along with the weekend-filled festivities, the Spaghetti dinner on Sunday was yet another success. The Emily's Kitchen and Garden Café personnel worked tirelessly to satisfy the palates of patrons and provide great customer service to all!

Reduce Stress...Try Tai Chi

Tai Chi (TIE-CHEE), an ancient Chinese tradition, was originally developed for self-defense but has evolved into a graceful form of exercise that's now used for stress reduction and a variety of other health conditions. Often described as meditation in motion, it promotes serenity through a series of gentle, flowing movements accompanied by deep breathing. Each posture flows into the next without pause, ensuring that your body is in constant motion. You may also find tai chi appealing because it is inexpensive and requires no special equipment. **To experience tai chi in an upcoming course, please call Marggie at 719-845 -4894 to enroll.**

What is IV Vitamin Therapy?

Mt. Carmel's Primary Care Clinic continues to provide first-class medical service to the community - everything from help for illnesses to annual well-child checks and sports physicals. If you're not ill or in need of a physical but just feel a little sluggish or are struggling with another condition, a Myers' Cocktail might help put a little pep back in your step. This intravenous nutrient mixture, invented by Baltimore physician John Myers, contains magnesium, calcium, various B vitamins and vitamin C. It is a common treatment among naturopathic doctors in the United States and Canada. Myers' Cocktails are claimed to be beneficial for a broad range of conditions such as enhancing the immune system, reducing fatigue, helping with seasonal allergies and reducing the symptoms of fibromyalgia and asthma.

Contact the Mt. Carmel Primary Care Clinic at 719-845-4880 today to schedule an appointment for a Myers' Cocktail. Clinic hours are Monday - Friday, 8:00am to 7:00pm.
